

**Event:** Tech Taboo

**Date:** 10/09/2025

**Venue:** Vending Machine Area

**Participants:** 30+

The event featured Tech Taboo, a fun and engaging twist on the classic Taboo game, held near the vending machine area. Participants had to describe technology-related terms to their teammates without using a set of restricted words. This tested their quick thinking, creativity, and communication skills.

Over 30 participants took part in the event, playing in small groups with high energy and enthusiasm. The rounds became increasingly challenging, making the activity both exciting and competitive. Council members were present to guide the event, interact with participants, and maintain the lively atmosphere throughout.

The event not only encouraged teamwork but also enhanced participants' technical vocabulary in an enjoyable manner. The positive response and enthusiastic participation made it a memorable and successful activity.
